

Dr Elisabeth Innes – Director of Communications, Moredun

Speaker; Scottish bovine abortion survey. Saturday 25 September, 14.30 – 15.30

Elisabeth was educated in Aberdeen and gained an honours degree in Immunology from the University of Glasgow and a PhD from the Faculty of Tropical Veterinary Medicine at the University of Edinburgh. She then spent several years working in Africa before returning to Scotland and leading a group at Moredun Research Institute looking at Protozoan parasites. She spent a year in Hong Kong and spent some time studying journalism and photography and has recently taken up a new post of Director of Communications at Moredun. She is also CEO of the Creative Science Company, a recent spin out from Moredun.
