

## **2009 BVA Congress Sponsor**

### **Fort Dodge Animal Health**

Fort Dodge Animal Health is a leading manufacturer of animal health care products for the livestock, poultry, swine, equine and companion animal markets. A Division of Wyeth, Fort Dodge serves Europe and international markets, distributing products in more than 106 countries and is the premier veterinary biological (vaccine) manufacturer globally.

With a strong research and development bias the division has a track record of delivering innovative products to the market. A recent example is the development of a range of Bluetongue vaccines covering serotypes 8,4 and 1 for Governments across Europe putting Fort Dodge at the forefront of the fight against Bluetongue.
