

**George Caldow – SAC Veterinary Centre  
Manager, St Boswells**

**Speaker; Saturday 25 September, 11.00-12.00, Control options  
for Johne's disease**

George has a long standing interest in the control of infectious diseases of cattle at the herd level. Since the late 1990s he has led the development of SAC's Premium Cattle Health Scheme and been involved in the Cattle Health Certification Standards technical committee. He was co-author of the Defra review on the surveillance of Johne's disease and involved in the national survey of Johne's disease in dairy cattle.
