

Prof. Glyn Hewinson – Head, TB Research Group, Veterinary Laboratories Agency (VLA)

Speaker; TB issues: Limitations of diagnostics and vaccination. Friday 25 September, 09.30 - 10.30

Glyn Hewinson is Head of the TB Research Group at the Veterinary Laboratories Agency, Weybridge. He leads a large multi-disciplinary team involved in the development of TB vaccines for badgers and cattle and improved diagnostic tests for TB in these species. His Group is also responsible for the molecular fingerprinting of *M. bovis* isolates for epidemiological purposes.

Prof. Hewinson is a Visiting Professor of Imperial College, London, a named OIE expert on bovine tuberculosis, a member of the WHO Working Group on preclinical research activities for the development of new TB vaccines, Section Editor of *Tuberculosis* and an Editor of *Vaccine*.
