

## **Dr Kim Willoughby – Unit Head, Virus Surveillance Unit, Moredun**

### **Speaker; Scottish bovine abortion survey. Saturday 25 September, 14.30 – 15.30**

Kim Willoughby graduated from Glasgow in 1982 and spent time in practice and industry before going to Liverpool University in 1990 to work as a clinician and undertake a PhD in molecular virology. She joined the Virus Surveillance Unit at Moredun in 2002 and since February 2007 she has been the head of the unit. Her research interests are viral diseases of both domestic and wildlife species.
