

#ChooseAssured UK Farm Assurance Schemes Infographic

Below is a reference grid that sets out **BVA priorities for farm animal* welfare** against what is addressed in the standards of different UK farm assurance schemes. Products may be assured by more than one of these schemes or an assurance scheme not addressed in this graphic. Please check the label of food products carefully.

As part of the #ChooseAssured campaign, BVA is encouraging the veterinary profession and the wider public to #ChooseAssured by purchasing UK animal-derived products that are farm assured. Through the campaign we're raising awareness of the great work of the UK's farm assurance schemes and the crucial work of vets within the schemes to safeguard high animal health and welfare.

*including farmed fish

<p>Please note that this list of the BVA's welfare priorities is not exhaustive and these priorities will be addressed and assessed differently across the different schemes. The level of welfare achieved across the different schemes may vary.
