

# BVA Careers Service

## Individual career support for BVA members

In order to support you in developing your career we have teamed up with [The Careers Group Consultancy](#) to provide the BVA Careers Service with a range of individual career coaching options at highly [discounted rates](#).

### One-to-one coaching

One-to-one coaching is available by email, phone or in person and will give you the opportunity to gain skilled and impartial professional advice on your career issue, whether you are interested in making decisions about your future career, increasing your effectiveness in job hunting and applications, or considering a complete career change.

Some of the issues that could be addressed in a career coaching session include:

- evaluating and enhancing your approach to progressing your career
- identifying, researching and exploring career options
- making important decisions about your future career path
- developing practical career action plans to increase your chances of success
- overcoming setbacks and problems in your career
- returning to employment after a break
- building confidence in your skills and abilities
- presenting your experience and achievements more effectively on paper and at interview
